PROFESSIONAL SUMMARY

Motivated Software Engineering student at Addis Ababa Science and Technology University with a strong interest in cloud computing, AWS, and DevOps. Disciplined, curious, and committed to consistent daily progress (“no excuse days”). Enjoys building practical systems, solving difficult problems, and learning new technologies through hands-on projects.

EDUCATION

BSc in Software Engineering 2022 – Present
Addis Ababa Science and Technology University (AASTU), Addis Ababa, Ethiopia

Secondary Education Certificate 2018 – 2022
High School

TECHNICAL SKILLS

Web Development	HTML5 (semantic markup, forms, multimedia, tables), CSS (learning)
Cloud & DevOps	AWS fundamentals (EC2, S3), AWS Free Tier labs; learning Docker, Kubernetes, CI/CD
Programming	Python, Java
Tools	Git & GitHub, VS Code, Live Server
Core Strengths	Problem solving, algorithmic thinking, self-directed learning

PROJECTS

Personal Portfolio Website 2026
Pure HTML5 • 6 interconnected pages

- Designed and built a six-page website (Home, About, Skills, Projects, Media, Contact) with consistent navigation.
- Implemented semantic elements, tables, figures, *details/summary*, progress bars, and embedded audio, video, and YouTube content.
- Built a validated contact form using fieldsets, labels, dropdowns, and input constraints (required, pattern, min/max).

My First Web Page 2026
HTML fundamentals

- Created a basic HTML document with headings, paragraphs, links, and images.

ACHIEVEMENTS

- Completed a fully functional multi-page HTML website following university lab requirements.
- Maintaining consistent academic progress in Software Engineering fundamentals.
- Actively working toward AWS Cloud Practitioner-level knowledge.

INTERESTS & GOALS

Interests: Coding, cloud computing, playing basketball, watching games, solving difficult problems.

Goals: Master AWS and DevOps, build real-world full-stack systems, learn CSS and JavaScript, and deploy applications to the cloud.
